## **AMENDMENTS TO THE CLAIMS**

Please amend claim 23, as shown below. A complete listing of the claims in this case, including their current status, is shown below.

## 1-22. (Cancelled)

23. (Currently amended) A method of inhibiting the trafficking of systemic memory T cells to a site of inflammation in a mammalian host, the method comprising:

administering an effective amount of an <u>antagonist</u> anti-CCR4 antibody in a dose effective to inhibit said trafficking of systemic memory T cells.

- 24. (**Previously presented**) The method of claim 23, wherein the site of inflammation is an endothelial cell.
- 25. (Previously presented) The method of claim 24, wherein the endothelial cell is activated.
- 26. (Previously presented) The method of claim 23, wherein the antibody inhibits the binding of CCR4 to TARC.
- 27. (**Previously presented**) The method of claim 23, wherein the antibody inhibits adhesion of the cells to cells at the site of inflammation.
- 28. **(Previously presented)** The method of claim 23, wherein the antibody inhibits chemotaxis of the cells.

## 29. (Cancelled)

Atty Dkt. No.: STAN-110CON

USSN: 09/837,446

30. (Previously presented) The method of claim 23, wherein the antibody is a monoclonal

. antibody.

31. (Previously presented) The method of claim 23, wherein the antibody is humanized.

32. (Cancelled)

33. (Withdrawn) The method of claim 23, wherein the site of inflammation is a site of

psoriasis.

34. (Withdrawn) The method of claim 23, wherein the site of inflammation is a site of

lichen planus.

35. (Previously presented) The method of claim 23, wherein the site of inflammation is a

site of atopic dermatitis.

36. (Withdrawn) The method of claim 23, wherein the site of inflammation is a site of

delayed hypersensitivity.

37. (Withdrawn) The method of claim 23, wherein the site of inflammation is a site of

chronic inflammation.

38. (Withdrawn) The method of claim 23, wherein the site of inflammation is a site of an

inflamed tonsil.
